This is a part of a letter you have received from your English-speaking friend Ben:

... To be honest, I can't remember the last time I went to the cinema. It seems such a waste of time. Give me a download on my laptop any day... And what about you? Do you like watching films in the cinema or on your laptop? Why?

Write a letter answering your friend's questions. Do not forget to:

- greet your friend
- express your personal opinion on going to the cinema and watching films on the laptop
- give reasons (at least 3) for your opinion
- remember the rules of letter writing

You should write about 100- 120 words.

Dear Ben,

Hi. It's a pleasure to hear from you again.

To my mind going to the cinema is enjoyable only with a right company. I go to the cinema rarely, but when I do, I always go with my friends.

I kinda agree with you about it being a waste of time and money. If you watch a film online and don't like it — you can always just stop it anytime, but in the cinema you have to watch until the end because you already paid for your ticket. It's even worse if you're going alone.

My friend Liza though says she goes to the cinema only to eat some popcorn, and I wholeheartedly agree with her, so if you're thinking positively, there's always some pros.

Best wishes,

Valya
